Lab Assignment – 4

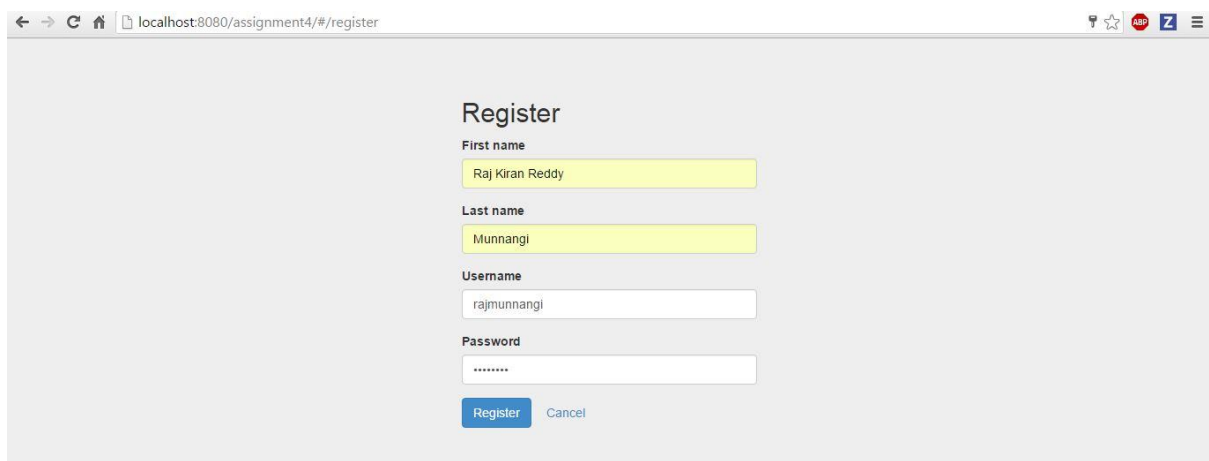

My work for the lab assignment consists of Login, Registration and Home pages.

At first Login page is opens if the user is a registered one then he will login in to the application.

A screenshot of a web browser showing the login page. The address bar displays 'localhost:8080/assignment4/#/login'. The page has a light gray background. In the center, the word 'Login' is displayed in a bold, dark font. Below it, there are two input fields: 'Username' and 'Password'. At the bottom of the form, there are two buttons: 'Login' (highlighted in blue) and 'Register' (in a lighter blue).

If the user is not a registered user then he must register with his details.

A screenshot of a web browser showing the registration page. The address bar displays 'localhost:8080/assignment4/#/register'. The page has a light gray background. In the center, the word 'Register' is displayed in a bold, dark font. Below it, there are four input fields: 'First name' (containing 'Raj Kiran Reddy'), 'Last name' (containing 'Munnangi'), 'Username' (containing 'rajmunnangi'), and 'Password' (containing '*****'). At the bottom of the form, there are two buttons: 'Register' (highlighted in blue) and 'Cancel' (in a lighter blue).

After user got registered he will re-directed to the login page and he enter his details to login.

← → ↻ 🏠 localhost:8080/assignment4/#/login 🔑 ⚙️ 📄

Registration successful

Login

Username

Password

Login Register

User will logged in with his credentials.

← → ↻ 🏠 localhost:8080/assignment4/#/login 🔑 ⚙️ 📄

Login

Username

Password

Login Register
